To Have Smooth, White, Soft Skin All Winter

Does your skin chap or roughen easily in this weather, or become unattractively red and itchy? Let me tell you a quick, easy way to overcome the trouble and keep your complexion beautifully white, smooth and soft the winter long. Just get an ounce of ordinary mercurized vasoline, the nearest drugstore and use a little before retiring, as you would cold cream. Upon arising, remove the coating with warm water. The vasoline, through its peculiar attribute, flecks off the rough, scaly or chapped skin. The worst of it cures comes off like dirt. It is a diseased scalp, only in almost invisible particles. Mercurized vasoline simply restores Nature's work. Used as directed, it keeps the face constantly free from dehydrated skin and only the healthy, young-looking skin is in evidence. It's the best treatment known for weatherbeaten, aged, sallow, chapped, wrinkled and all unbecoming complexion. Some skins wrinkle easily in winter. There's an excellent remedy in a harmless wash lotion made by dissolving 1 oz. powdered salicylic acid in pint water. This will quickly eradicate every line.—The Woman Beautiful.—Adv.
